

# DLM Forum – The Hague

## Working group A

# Training – E-term

- **No point in starting again but continue E-Term given already a lot of work has been done.**
- **Training can only be done after resources are available.**
- **Training is a never ending commitment.**
- **EU is looking for funding specific deliverables/products: so resources easier**

## E-term

- **Priority audience to be given further consideration**
- **Training trainers who will give training in their own country.**

# E-term

- **Scope and content**
- **Expansion of the coverage of E-Term**
- **Re-use, embed information from different projects, available on the website.**

# E-Term

- **Funding is absolutely necessary even to just review the existing website**
- **The existing content can be adapted, but a new website has to be built.**
- **Could DLM website be a portal for the new E-Term?**

## E-Term

- **Proposition: organise 1 meeting next year to discuss this project further and to invite also other people from educational sector and prepare the meeting in Budapest next year.**

# *Accessibility to records*

- **research project: best and most effective way to present electronic records to users given the variety of records and the variety of use: more scientific objective approach**
- **Access or use: a big gap at the moment! a big issue for the future**

# Accessibility

- Further steps: draw up a proposal for a research project
- Prepare a Budapest workshop or seminar to establish the current state of knowledge

# Knowledge-base

- Pointers to best practices
- Discussion forum (with a moderator!)
- **Not a new portal**
- **But sharing awareness of knowledge that exists!!**

# Knowledge-base

- **Identify the data elements and start**
- **Jan Dalsten Soerensen will make a model and send it by e-mail to all members of the group.**
