Projects 1

- IN-DEPTH STUDY

In Priority Action 4, point 4.2.

In-depth study of archival and related legislation at both EU and national level.

This study could be the basis for the creation of a database on archival and related legislation within EU. According to the available information, the funds to realise this in-depth study are already available.

Projects 2

- MOREQ
- Priority Action 2, point 2.2. introduces the issue of updating, revising and extending the present requirements for the establishment of electronic documents (records) systems such as Moreq.
- The Moreq Project seems to be concrete enough to constitute a basis on which to build the next application.
