Agenda

- Introduction
- The top ten
- Questions

MONO

Making Information Work

Buy in From Above

- Senior Management
 - Identify stakeholders
 - Change Manager to build relationships
- From the top down
 - Pushing up hill is so much harder than down hill
 - Start with the chief Executive if possible
 - Set the standard
- All business areas
 - EDRM affects everyone every day, there's always something to do
- Times will get tough
 - Things go wrong
 - Set the expectation with management and stakeholders alike
 - Never problems....just challenges!

MONO

Making Information Work

Change Management

- EDRM Implementation is a change project NOT a technology project
- Develop a structured plan for change start it and never let it stop
- Run with the runners, walk with the walkers but stand still with no man (or woman)
- A business problem not an IT problem
- Win hearts and minds a game of propaganda
- Without people you have nothing
- A great Change Manger makes the difference
- You cannot work hard enough at change

MONO

Making Information Work

Communications

- Tell them, tell them and tell them again
- Clear concise communications on a regular basis
 - Web site
 - News letters
 - Merchandising
 - Screen savers
 - Web seminars
 - Computer based training, DVD's
 - Road shows
 - Coffee mornings
- Make them interested

MONO

Making Information Work

Product fit for purpose

- This is a project in itself
- Be very clear in what you want and what you need!
 - EDM (Hybrid)
 - ERM (Hybrid)
 - ECM
 - Scanning / Capture
 - Web
 - Integration with line of business applications is key
 - Speed and ease of implementation
 - TNA 2 / DoD approved
 - Preferred technology
- Analysis will show you what you need – Does the product deliver?
- The devil is in the detail

MONO

Making Information Work

Strong Project Governance

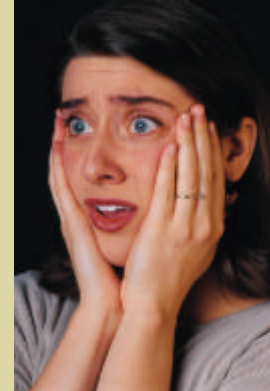

- Project board
- Steering committee
- Stake holders

MONO

Making Information Work

Management of expectations

- Set expectation
- Manage expectation
- Time will be lost, things will go wrong, money will be in short supply
- No surprises

MONO

Making Information Work

Enthusiastic and Committed Project Team

- Project Manager /EDRM Consultant
- Change Manager
- Business Analyst
- Communications Manager
- Training Manager
- System Administrator
- IT Techie

MONO

Making Information Work

The right amount of budget

- Think of a figure and add 50%
- No project has too much money
- Corporate wide implementations costs...?

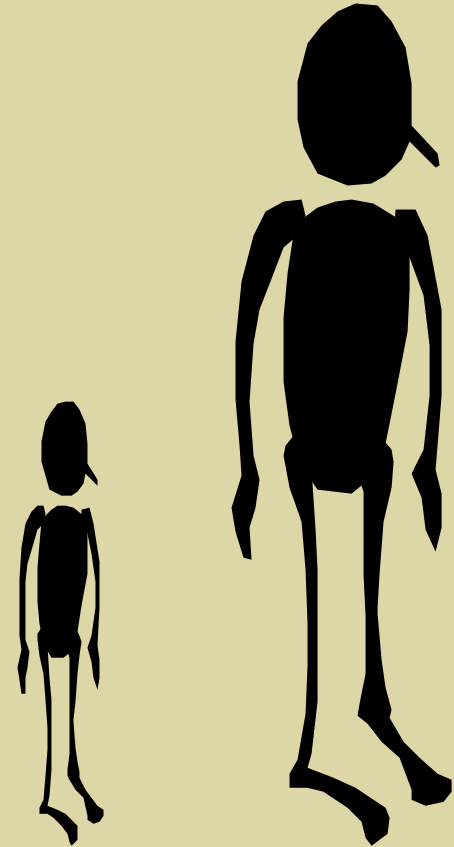

MONO

Making Information Work

The right implementation process (DIRKS)

- Proven method
- Combine with Prince II
- Model office
- Start slow
- Training is not the sacrifice
- Promise small deliver big!

MONO

Making Information Work

Meet the needs of the organisation

- Analysis is the key
- Use DIRKS
- Functions and Activities
 - Business Classification Scheme
- Information audits
- Understand what the business does

MONO

Making Information Work

Summary
